

COSMIC FINGERPRINTS

An Astronomer's Journey to Faith

Thursday, November 20, 2008

University Plaza Hotel
3110 Olentangy River Road
Columbus, Ohio 43202
Honors Room II
12:00-1:00 PM

Special Opportunity
Lunch with Hugh
11:30 AM
Lunch Price \$22

Ever wondered how the claims of the Bible hold up under the scrutiny of science?

You aren't alone. Come hear accomplished astronomer Dr. Hugh Ross speak about his search for truth and how that led him to faith in God and in the Bible. Hugh Ross is an astronomer with a PhD from the University of Toronto. His research was on quasars and galaxies as post-doctoral fellow

at California Institute of Technology. He is an internationally known speaker, and founder and president of Reasons to Believe. He has authored/coauthored 10 books including *Why the Universe Is the Way It Is*. He will share about his life, his career, and his faith, and will have time for Q&A. The speaking event is free, but a reservation is required.

Special Opportunity:

Lunch with Dr. Ross will be held 30 minutes prior to the large group meeting. This will be a wonderful chance to ask Hugh questions in a more personal environment. However, space is limited. Reserve now! Cost for lunch is \$22.

Email collins@ece.osu.edu or call 614-404-7076 to RSVP.
